My name is Pramod Mali, currently working for Apttus Private Limited based out in Ahmedabad (Open for relocation).

I have bachelor degree in Computer Engineering from Dharmsinh Desai University, Nadiad (Gujarat). Also diploma in Computer engineering.

I have 3 years of full time and 5 month of internship experience in Apttus(current and first company). Mainly working as full stack dev. in JavaScript and it's frameworks(NodeJS, Angular-AngularJS, somewhat react), HTML, CSS, TypeScript, Salesforce dev and admin, C#, etc.

Main goal to change my current job is because, I am looking for new challenges in professional life.

Apart from technical stuff I like traveling and also an amature photographer.
